

June 1, 2010

To my friends and patients:

At the end of June, I will be leaving Boyle and Toth Family Medicine to pursue a career with Kaiser Permanente.

I know this news will be difficult for some to hear, as the relationships and friendships that have developed over these last ten years are strong and deep. Be assured, this was not an easy decision for me. I value tremendously the time I've spent with each of you as your family doctor and I hope our time spent together has left you with an improved sense of wellness and a satisfactory interaction with our complex medical system.

The factors which weighed in my decision to move to Kaiser are many and complex. Ultimately, it came down to balancing my personal strengths of patient care and interaction with my desire to spend more time in the exam room and less in the intricacies of running a business. I anticipate this move will simplify my life, provide me more time to spend with family, yet still allow me to practice medicine to the best of my abilities and for the betterment of my patients.

I will always treasure the time spent in partnership with Dr. Boyle and the short time I've been privileged to know our new associate, Dr. Mizrahi. Your personal medical care will transition uninterrupted to one of these two excellent physicians.

I am humbled by the trust you've shown me in allowing me to be your personal doctor. I want to thank each of you for your confidence in my abilities and I wish you all good health and prosperity in the future.

Sincerely,

A handwritten signature in blue ink, appearing to read 'J. M. Toth', written over a white background.

James M. Toth, M.D.
